Forwarding estimates aggregating Rs 1,06,000/- for laying of roads in the Shimoga Town mlty

1) The Subdt mlty requests that the entire cost viz Rs 1,06,000 be met by the govt as an outright grant : As govt have already sanctioned to this mlty, a sum of Rs 10,000 for sanitary and water supply improvement works and as there is no amount available out of the T D grant for 44-45, the D C may be requested to review the proposal next year

Mr 10/4 2 The estimate for Rs 1,06,000 is too heavy. The work cannot also be executed in one year Moreover as these road

it is the business of the Municipality
to find the funds required therefor
We cannot agree a grant of
Rs 1,60,000 to this Municipality in any
one year. The grant may perhaps be
increased accordingly and they may be
requested to spread the work over five
years at least, and the same being carried
out with MI funds supplemented by suitable
grants every year, until they are completed
further, this work cannot be considered to
be so urgent as other anti malaria
measures and drainage works to be
undertaken in the area for which
loan sanction for

The estimate for Rs 1,06,000 for the work in question is too ~~heavy~~ heavy the work cannot also be executed in one year Moreover, as all these roads are rural roads, it is the duty of the rural to find the funds required therefor [govt- ~~cannot~~ It is not possible for the Govt to give

of other parts of the State
In the above circumstances,
I am to suggest that the Mahal

that it is the obligatory duty of

by suitable grants every year,
until the work is completed. Further,
this work cannot be also considered to
be urgent as other anti-malaria
